IF ALL THE WORLD'S A STAGE..... I WANT BETTER LIGHTING !

PAT TESTING (PORTABLE APPLIANCE TESTING)

A LEGAL REQUIREMENT SINCE 1989 TO BE CARRIED OUT REGULARLY TO MAKE SURE THE EQUIPMENT IS SAFE TO USE. THIS IS OFTEN REGARDED AS AN ANNUAL SERVICE TO THE STAGE LIGHTING, LOOK ON IT AS A SERVICE AND MOT. ITEMS TO BE TESTED HAVE A PLUG AND CABLE. CONVENTIONAL STAGE LIGHTING MUST HAVE SILICON CABLE, NOTHING ELSE IS HEAT RESISTING ENOUGH AND COMPLIANT. ASK FOR A **FREE** SITE VISIT TO ADVISE. THE REGULATIONS CALL FOR "CLEAN AND MAINTAIN ON A REGULAR BASIS". AN ANNUAL SERVICE IS RECOGNISED INDUSTRY WIDE AND WILL KEEP ON TOP OF ANY PROBLEMS. AFTER ALL, YOU DO THE DOMESTIC ITEMS, SO WHY NOT THE STAGE LIGHTING ?

THESE ARE ALL GENUINE PHOTOS;
NOTHING IS "MOCKED UP" FOR DRAMATIC EFFECT. WE DIDN'T HAVE TO !

TOP 27 YEARS OF DUST AND BOTTOM LEFT JUST 4 YEARS TO BLOCK THE FANS ! THAT'S WHY WE SUGGEST AN ANNUAL CLEAN AND PAT TEST. WHEN WAS THE LAST PAT TEST AND SERVICE ?..... **...OH !**
WAS IT DONE PROPERLY OR WAS IT A JUST A STICKERING EXERCISE ?
SOME GENERAL TESTERS TAKE A LOOK AT THE KIT AND SAY "YEAH LOOKS ALRIGHT" WITHOUT CHECKING IT. WE RECENTLY WENT TO A SCHOOL WHERE THE LANTERNS HAD BEEN "TESTED" BY SOMEONE A FEW MONTHS EARLIER AND WE FOUND OF 40 LANTERNS ONLY 2 WERE ACTUALLY CORRECT. WE HAVE BEEN INVITED BACK TO DO NEXT YEAR'S TESTING.

ANOTHER THING WE FIND IS THAT SOME PEOPLE, WHEN A LAMP BLOWS, TAKE THE FIXTURE DOWN AND PUT IT IN A CUPBOARD. WHY NOT CHANGE THE LAMP ? DO YOU THROW AWAY THE CAR IF YOU HAVE RUN OUT OF PETROL OR DIESEL... ..OR BATTERY ? AND THEN SOME PEOPLE TAKE THE SHUTTER BLADES OUT OF PROFILE SPOTS AND TAKE THE COLOUR FRAMES OUT. THESE GET LOST AND REPLACEMENT IS EXPENSIVE.

JOB SATISFACTION

SWITCHING OFF AT NIGHT IS SO IMPORTANT

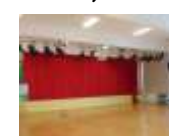

AS NOT DOING SO WASTES MONEY IN ELECTRICITY, LAMP COSTS AND VAT FOR NOTHING. DIMMER RACKS CAN DRAW ABOUT 25% ON STANDBY. BY SWITCHING THEM OFF AT NIGHT**YOU COULD CUT YOUR ELECTRICITY BILL IN HALF !** WOULD YOU PUT THE CAR IN THE GARAGE AND LEAVE THE ENGINE RUNNING... ALL NIGHT ?...THOUGHT NOT !

LOLER AND POWER TESTING AND INSPECTION

LIFTING OPERATIONS AND LIFTING EQUIPMENT REGULATIONS. WIRES, ROPES AND WINCHES AND ESTABLISH SAFE WORKING LOADS. (WLL)
PROVISION AND USE OF WORK EQUIPMENT REGULATIONS ALL MECHANICAL FIXINGS AND CONDITION OF THE INSTALLATION IN GENERAL.
WE ALSO INSPECT AND CHECK THAT ALL THE VISABLE FIXINGS ARE CORRECT AND TIGHT. ALSO THAT THE EQUIPMENT IS BEING USED AS IT WAS DESIGNED.

INSTALLATION

WE ALSO SUPPLY AND INSTALL LIGHTING, SOUND RIGS AND UPGRADES.

HIRE

OUR HIRE DEPARTMENT IS ALSO AVAILABLE, PLEASE VISIT OUR WEBSITE AND DOWNLOAD OUR BROCHURES OR GIVE US A RING TO DISCUSS YOUR REQUIREMENTS. LIGHTING, SOUND, STAGING AND PROPS.

PLEASE CONTACT THE OFFICE FOR A **FREE** SITE VISIT.
